\$500,000 development set for Buccaneer Park

By WAYNE DUCOMB JR.
Plans are being formulated for a \$500,000 Buccaneer Park campsite development project.
A \$250,000 U.S. Department of Interior matching grant was approved Thursday in Washington D.C. to expand camping facilities at Buccaneer State Park in Waveland.
The State of Mississippi will match (50-50) that amount for the park development.
The federal grant approval was announced by Congressman Trent Lott, Mississippi's Fifth Congressional District representative.
Greg Smith, park manager, Friday, upon learning of the grant approval, said the funds will be utilized to construct 43 camp sites which will 'possibly' be opened to the public as early as next summer.
The park presently has 104 camping areas.
Smith noted, "These additional camping areas will help us tremendously because we turn away about 40 people each weekend because we have no vacant areas."
He said the new camp sites will be located in a wooded area in a western portion of the park which overlooks a swamp area and lake.
James Parker, of the State Department of Natural Resources Planning Department in Jackson, Friday confirmed that combined state and federal funds will provide \$500,000 for the project.
Smith explained all the sites will offer water and electrical hookups. A central

...HARBOR—In the event of a severe hurricane, owners of boats may now utilize the National Space Technology Laboratory's channel as a safe harbor. Hurricane refuge available to local large boat owners

By WAYNE DUCOMB JR.
Owners of large boats now have a harbor available which is not affected by hurricane tidal influence.
After several months of negotiations members of the Gulf Coast Fishermen's Association, Inc., the safe harbor has been established at the National Space Technology Laboratory within a levee and locked channel.
Previously, local boat owners retreated up rivers to 'ride out' hurricanes where they were subjected to drastic tide changes while tied to trees which could possibly topple onto vessels.
The NSTL channel entrance is on the East Pearl River and the channel follows the southern boundary of the NSTL Test Site area.
When a hurricane threatens, boats will gather outside a set of locks located near a bascule automobile bridge at

NSTL. When it's determined the storm will strike here, the boats will be allowed inside the locks to moor at five areas with cluster pilings (See map).
Although the fishermen's association secured the harbor for its some 50 boat owners, about 100 additional mooring areas are available to the general public in the NSTL channel if a hurricane heads into this area.
Ronnie Ferrell of Waveland, former association president and current secretary of the organization, Friday noted, "The safe harbor is not just for commercial fishermen, but for anyone who has a boat which is not trailerable."
He said the water level in the harbor would only vary under hurricane conditions some six to eight inches due to rainfall.
Ferrell reported the group's officers met with NSTL officials recently to

ation's high interest rates concern Cochran

By ELLIS CUEVAS
Thad Cochran of Mississippi told the Jackson County Chamber of Commerce members Friday night that high interest rates are a matter of grave concern to him and Congress.
Cochran said, "The inflation rate has been cut in half, but interest rates have not come down. I am going to take a very critical look as to why the rates have not come down."
When asked by Milfred Lady, chamber member, how he felt about the possible storage of nuclear waste in Mississippi, Cochran replied, "In my judgement nuclear waste should not be stored in an inhabitant area, there are many isolated areas in the United States and other countries which should be studied first."
"Frankly, Mississippi has not been given a fair share of representation on the study group that wants to use the Mississippi salt domes, any state being considered should be given fair representation," Cochran continued.
Cochran emphasized his position by saying, "We are going to fight with every legal means possible, in keeping the waste from being stored in Mississippi."
Tax reform by President Ronald Reagan was discussed by Cochran. The senator said the tax cut was passed because of the leadership of the president and the American people becoming involved.
"After President Reagan appeared on television in Washington and state office received many telephone calls from constituents wanting to know how to get in touch with those senators and congressmen against the tax reform bill," Cochran noted.
The senator stated, "The American

Fast-food employee robbed at Bay bank

By WAYNE DUCOMB JR.
An employee of a Bay St. Louis fast-food establishment was robbed at knifepoint early Tuesday morning as she attempted to make a night bank deposit.
Investigator Matt Karl of the Bay Police Department, Friday revealed his office and the Hancock County Sheriff's Department are investigating the incident which occurred at 1:40 a.m.
He explained that Maureen Mallini, a Popeye's Famous Fried Chicken crew chief, was attempting to deposit over \$800 at Gulf National Bank—several yards from the food establishment on US-90—when two black, males approached her.
Karl said one of the men reportedly brandished a 'long-bladed knife' to obtain the cash. The two then fled from the scene on foot.
Patrolmen Greg Hammer and Wilbur

Dorsey responded to the incident scene and the robbery is now under investigation by Karl.
YOUTH NABBED IN THEFTS
Karl also reported a 14-year-old youth was nabbed by a resident as he attempted to burglarize a home.
The investigator said evidence found later linked the boy to three burglaries.
Marty Herdon of 118 Washington Ave. apprehended the boy on Aug. 1 and notified police, Karl reported.
The investigator said Officer Ricky Trudell responded to the call and arrested the youth.
"The burglaries in which the juvenile was implicated all occurred during daylight hours when the residents were either working or out of town," Karl warned.
"An investigation is continuing with other arrests expected," he added.
Assisting Karl in the investigation is Auxiliary Chief Dan Plaisance.

Saucier man dies in Hwy. 53 wreck

By WAYNE DUCOMB JR.
A Saucier man was killed early Saturday morning in a one-vehicle accident on Hwy. 53 in northeast Hancock County.
A spokesman of the Mississippi Highway Patrol's Gulfport office, Saturday afternoon said Jerry Page, 37, of Route 1, Box 275, Saucier, died in the crash which occurred one-fourth mile west of the Hancock-Harrison County line at about 12:01 a.m.
The spokesman said, based on an accident report by Patrolman Mike Cox, Page was the only occupant of the pickup truck which struck two pine trees and burst into flames.
"Reckless driving is often the accident cause," based on Cox's report.

Assisting Cox in his accident investigation were Deputies Albert Biehl III and James Nease of the Hancock County Sheriff's Department.
Hermann's Funeral Home in Bay St. Louis also responded to the accident scene at Route 1, Box 275.
An official preliminary information report listed the cause of death as "trauma."
A Metairie, La., woman and her two children, apparently escaped serious injury Saturday morning when their automobile flipped over after colliding with another vehicle on I-56.
Carol A. Stener, 29, of 222 Plum St. and her young children, a boy and girl, were treated and released Saturday

STOPPED BY SAPLINGS—After mowing down several sapling pine trees Saturday morning, along the right shoulder of the eastbound lanes of I-10 in Hancock County, this mid-size automobile driven by Carol Sienar of Metairie, La. flipped over just a few feet short of several large trees. The woman and her two children, riding in the car, received relatively minor injuries in the two-car mishap. Michael Poirier of Keesler Air Force Base in Biloxi was charged by the State Highway Patrol with 'following too close' after apparently rear-ending the Sienar car. (Staff photo by Wayne Ducomb Jr.)

afternoon from Hancock General Hospital in Bay St. Louis.

A hospital spokesman said the woman was treated for 'whiplash' and the children were treated for bumps and bruises.

Patrolman Tony Greer reported, at the accident scene in the eastbound lanes just west of a rest area in central Hancock County, an automobile driven by Michael K. Poirier, 19, of Keesler Air Force Base in Biloxi, hit the rear of Sienar's vehicle, causing it to skid sideways into the right road shoulder. The car then rolled over onto its side.

pine trees and flipped over on its roof.

Mobile Medic personnel broke the rear car window to free the occupants. Greer charged Poirier with 'following too closely.'

Sienar's automobile was heavily damaged. The Poirier vehicle had minor dents.

Also responding to the accident were Sam Pernicelli, representing his wrecker service; James Vigreux of N.A. Pernicelli and Son Wrecker Service; and Sgt. Mark Ohman of the State Tax Commission's 1-10 weigh station.

One-half of the Blues Brothers — John Belushi — is the "ultimate rock fan, a real groupie. He played drums when he was eight, and had his own band in high school. If he hadn't become an actor first, he would certainly have been a musician." — John Landis, Director, *The Blues Brothers* musical comedy (on HBO this month).

But Belushi isn't used to singing the blues. He got his start in comedy with the famous Second City improv troupe in Chicago, his "home sweet" and "the most creative city in the U.S." ... a place where I feel I'm part of the community. That community spirit explodes on screen as the Blues Brothers (Belushi and Dan Aykroyd) lead a musical crusade for hoodlums ... a holy grail set to rhythm and blues.

Bits 'n pieces

There was a large crowd of Hancock County Chamber members at the membership meeting Friday night to hear guest speaker U.S. Senator Thad Cochran.

The speech by Cochran followed a wonderful fried catfish dinner prepared by J.D. (Big John) Rutherford and crew.

It was good to see so many concerned chamber members in attendance.

Some very important questions were asked, especially about the nuclear waste storage proposed for the salt domes, not too far from our area.

We were glad to hear the senator reply that he felt there should have been some representation from the state being considered on the board making location selections.

There are a lot of citizens in Hancock concerned about the possible effects the nuclear storage could have on us in future years.

Cochran stated he felt there were a lot of other areas which should first be considered before selecting a place with so much population.

We are sure we will be hearing a lot more about the nuclear storage in weeks to come.

We are glad interests are shown in Bay St. Louis on the formation of Neighborhood Watch Programs.

Police are unable to really operate without the help of the citizens in Bay St. Louis or any other community.

We are glad a meeting was held last night in the Cedar Point area and hope other area residents will try and form a neighborhood watch.

We know one program is in effect at Jourdan River Shores and feel it has been a help in deterring so many break-ins as in previous years.

We hope the Cedar Point Neighborhood Watch Program is successful and everyone will participate in making it a success.

We must all remember, we are neighbors, and should help look out for each other.

Everything is changing today, the way we live; how we play, how we are entertained, and it looks like there will be some dramatic changes in telephone operations in the coming years.

Community leaders met with South Central Bell management Friday for a review of just how the changes are going to effect everyone.

We feel there should have been more community leaders present so they would know what is possibly going to happen in the near future.

We will be hearing more in coming months from Ma Bell on the upcoming changes.

We have received reports of the fuzzy bugs appearing again from residents near the Bay St. Louis Oxidation Pond.

We have not had an opportunity to check the criters out, but plan on doing so in a few days.

Last year, we were amazed at how they swarm just before dark each night and are so thick residents are unable to walk in their yards.

It seems to us something could be done to eliminate the bugs. They are about the size of mosquitos and are real pests.

We assume they are from the oxidation pond because that seems to be the only area where we have received reports of their appearance.

We are in hopes someone will be interested enough this year to try and correct the problem.

MORREALE HONORED—The late Bill Morreale of Bay St. Louis, who was instrumental in raising some \$14,000 over a period of more than five years to finance an elevator in the 75-year-old Masonic Temple Building on Main Street, Bay St. Louis, was honored at recent elevator dedication ceremonies. Morreale, who died in February, saw his elevator project under construction. The completed facility was dedicated in June. Presenting a plaque which hangs in the elevator commemorating Morreale's efforts is J.D. Rutherford Jr. Morreale family members participating in the ceremonies include, from left, Eddie Jennings of Bay St. Louis, step-son; Ann Jolner of Gretna, La., daughter; Jack Morreale of Hammond, La., son; Domenica Favre of Bay St. Louis, daughter; and Mrs. Ayis Jennings Morreale, Morreale's widow.

ART DISPLAY—Mrs. Margaret Holtzmann, second from left, proudly displays her art work at Bay St. Louis City Hall. Among guests at her show opening Wednesday are, from left, Bay Mayor Larry Bennett, Ms. Holtzmann, Robert Matthew Holtzmann, grandson; Robert (Bobby) Holtzmann, son, and daughter-in-law Connie Holtzmann. Ms. Holtzmann is a student of art of professor Carl Baldenhotter in the ASVP program. The display will be up for one month at the Bay City Hall.

Republicans balk at Echo headline

Mr. Ellis Cuevas, Editor
The Sea Coast Echo
Bay St. Louis, Miss. 39520

Dear Ellis:

On the front page of last Sunday's Echo was a headline reading: "Hancock Republicans Overlooked in Plans" which indicated that we were ignored in preparations for the upcoming visit of Vice-President George Bush.

The fact is that Bush's visit is sponsored by the Harrison County Republican Club. Everyone is invited to the dinner, including Republicans and Democrats, and since the function is a Harrison County affair, it was appropriate that they should do the planning.

On Aug. 21, the Hancock County Republican Executive Committee is sponsoring a barbecue honoring Sen. Thad Cochran, Congressman Trent Lott and Secretary of Labor Raymond Donovan. Our executive committee is doing the planning, and the general public is invited.

This should not intimate that Harrison County Republicans are overlooked in the planning and we hope that your paper will not seize upon the opportunity to make false headlines.

It is hard to understand how an assumption could have been made that because Harrison County Republicans did the planning for their own dinner, Hancock County Republicans were overlooked.

It is important that we all work together harmoniously, and the end result be good government, a proud Mississippi and a strong United States of America.

Very truly yours,
James A. Rester, chairman
Evelyn W. McPhail, secretary
Hancock County Republican Party

NEWS FROM THE GOVERNOR'S OFFICE

In remarks recently to the Conference on U.S. Competitiveness in the 90s, Governor William Winter emphasized the importance of increasing the productivity of Mississippi businesses and making the state more competitive in an increasingly sophisticated national and world market.

The conference, which was initiated and sponsored by Governor Winter, brought together nationally recognized speakers who discussed utilizing innovative corporate strategies and methods to improve management-employee relations.

Among the speakers were John L. Leaser Jr., president and chief operating officer of Booz Allen and Hamilton, Inc.; Kenneth Iverson, president and chief executive officer of Nucor Corporation; John Baughton, manager and administrator of the Experienced Management Development Section of International Business Machines Corporation; and Zaki Teuchat, professor of international management at Baruch College.

Noting that we are in the most competitive era of American history, Winter said that Mississippi is "competing not only with the rest of the country and other Southern states, but competing with the world."

Winter added, "We have got to increase the productivity of the Mississippi economy and we have got to make the productivity of our businesses and industries competitive."

Winter said that Mississippi is both in a "primary economic and social transition" and that it will "only survive by making the most of its primary productivity." He said that Mississippi is "in a position to make the most of its primary productivity" and that it is "in a position to make the most of its primary productivity."

Winter said that Mississippi is "in a position to make the most of its primary productivity" and that it is "in a position to make the most of its primary productivity."

Winter said that Mississippi is "in a position to make the most of its primary productivity" and that it is "in a position to make the most of its primary productivity."

bathhouse, being designed by Architect Fred Wagner of Bay St. Louis, will serve campers in that area.

Park said Batoon and Brown Engineers of Wiggins are designing and will supervise roadway, sewer, water and electrical construction work. The park manager noted the campsite designers would leave as many small and large trees as possible, providing more private and shaded camping areas. He said this area would be excellent for campers with tents and "pop-up" units.

Smith explained the camp areas will be located on a single loop and all sites will be at least nine feet above sea level.

"Plans for the new area are still in the preliminary stage, but these will be completed soon and bids are expected to be let this fall," he reported.

Smith pointed out that many shade trees have died throughout the existing camping area because a large amount of rain water does not reach tree roots

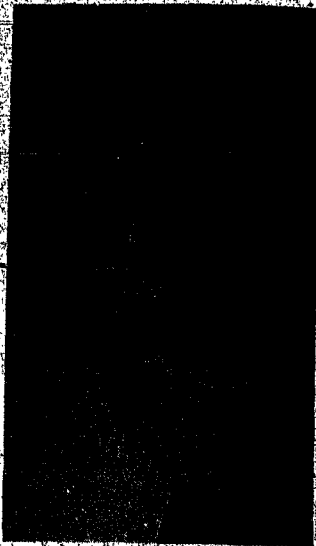

due nearby paved areas.

NEW WAVEPOOL MANAGER
Lyle Richardson of Waveland has been named Buccaneer's Wavepool manager.

Aubrey Rozell, State Bureau of Recreation and Parks director, in Jackson recently noted, "Richardson joined the Mississippi State Park System in Aug. 1978 and has work in several parks."

His latest assignment was assistant manager at Lake Lowndes State Park in Columbus. He has also worked at Paul B. Johnson State Park south of Hattiesburg," he explained.

Smith said Richardson would also act as an assistant manager of the park. Richardson is a graduate of Delta State University where he earned a degree in health, physical education and recreation.

people wanted a change, there were a lot of new faces in Washington after the last election. The administration has an economic plan for a two-year period not just for a few months.

"In the past inflation would be fought for a few months; and then unemployment would rise, and it was a seesaw battle," Cochran allowed.

The senator talked about the \$985 billion national debt which calls for 20 percent of the money collected in taxes which could be used for many worthwhile programs.

The tax cuts of \$50 billion, \$15 for the

fiscal year of 1981 and \$35 for the next fiscal year was caused by a very close study of every program by the senate according to Cochran who said, "It was the most diligent look I have seen in the nine years I have been in Washington."

The role played by the Chamber of Commerce throughout the country has had a lot of effects on the changes, according to the senator.

Cochran touched on the inheritance tax changes and how he the administration plans on having a balanced budget in 1984.

Cochran was introduced by L.J. Breaux, vice-president of the Hancock County Chamber of Commerce.

The membership meeting of the chamber was held at the American Legion Post No. 139 Home in Bay St. Louis.

A buffet-style dinner of catfish, fish-puppies, cole slaw and french fries was served, by Chef J.D. (Big John) Rutherford and crew.

Chamber President Dick Koshab thanked everyone for their attendance before the meeting closed.

MEDGAR EVERS
Mississippi ETV's "Faces" recalls the recent "Medgar Evers Homecoming" celebration in Fayette at 7:30 p.m. Tuesday, August 11, on the Mississippi ETV Network.

The segment includes scenes of the homecoming activities and interviews with various participants.

In next week's "Faces" on August 18, a continuation of the segment will take place with interviews with homecoming organizer and immediate past mayor of Fayette, Charles Evers, and the new mayor, Kennie Middleton.

Included in August 11's program is a continuation of an interview with Roscoe Jones of Meridian, director of transportation for the Meridian public school system, and a performance by Jackson musical group Limited Edition.

NATIONAL PARKS

The National Geographic Special "National Parks: Playground or Paradise" explores a dilemma faced by the National Park Service: how to fulfill its mandate to protect and promote the use of parks as vacation wonderlands and yet restore them as much as possible to their natural condition.

The program can be seen at 8 p.m., Monday, August 10, on the Mississippi ETV Network. It was first seen on public television earlier this season.

Roderick Nash, professor of history and environmental studies at the University of California at Santa Barbara, and Eric Julber, author of "Wilderness" and the "American Mind" and ably assisted by a debate team, debate the issue of park management and usage. Julber says taxpayers are entitled to maximum use of the parks while Nash argues that if wilderness is easily accessible it cannot be preserved.

The film was shot on location in the Grand Canyon, Yellowstone, Yosemite, Alaska's Denali and Gates of the Arctic national parks and

Gateway National Recreation Area in New York.

First Baptist setting for King, Kelley vows

Sherill Elliott Kelley and Jimmy Arnette King were united in marriage in an afternoon ceremony July 30 at the First Baptist Church in Bay St. Louis with Rev. Nathan Barber officiating.

The bride is the daughter of Mr. and Mrs. Russell Elliott of Bay St. Louis. The groom's parents are Mrs. and Mrs. Arnette King of Aberdeen, Miss.

The entrance hall featured a basket of white silk roses and fern with a large ribbon bow. The church was illuminated by tall spiral candelabra and baby's breath with ivory ribbon bows. Ivory bows also marked the designated pews for respective families.

Nuptial music was provided by Mrs. Gail Carr, pianist. Escorted to the altar by her father, the bride wore a formal Victorian style two piece gown, fashioned with fitted lace bodice and peplum waistline. Satin ribbon edged in lace adorned the bodice and fitted cuffs and her long skirt was overlaid with matching lace. She wore an heirloom cameo brooch belonging to her great-great-grandmother. Her original bridal hat was

fashioned of identical lace embroidered with seed pearls and held a fingertip veil of

of orchids, stephanotis and forget-me-nots interspersed with lace and ribbon streamers. Kathy Bayles of Sand Hills, Miss., was matron of honor. Maid of honor was Laura Weems of Gulfport. Pat Malley of Bay St. Louis was bridesmaid and junior bridesmaids were Tina Collins

of Hamilton, Miss., niece of the groom; and Amy Welsh of Bay St. Louis, niece of the bride.

Miss Grace Nellie Welsh of Bay St. Louis, niece of the bride, was flower girl. Ring bearer was Brenton Kelley of Bay St. Louis, son of the bride.

The attendants were attired in formal Victorian style gowns featuring sweetheart necklines trimmed in seed pearls and fitted bodices laced with satin ribbon. The bridesmaids gowns were lavender and ecru and the honor attendants gowns were rose and ecru.

They carried white roses, stephanotis and baby's breath, with baby's breath in their hair.

The flower girl carried a basket of multi-colored flowers.

Boyd Bayles of Sand Hills, Miss., served the groom as best man.

Groomsmen were Ree Elliott of Gulfport, brother of the bride; and Steven Debore of Gulfport.

Ushers were John Conner and Lou Rizzardi, both of Gulfport.

A reception followed the ceremony at the American Legion Home in Bay St. Louis. Mrs. Helen Rice assisted.

The couple planned a honeymoon trip to Daytona Beach, Fla.

Out-of-town guests included Mr. and Mrs. George Collins, Kent and Tina of Hamilton, Miss.; Mr. and Mrs. Arnette King of Aberdeen, Miss.; Mr. and Mrs. Julian Gibbons of Edwards, Miss.; Mr. and Mrs. Nathan Gersmacker, Mrs. Irene Levy, Mrs. Nettie McBride, Mrs. Errol Genet and Michelle, all of New Orleans.

Also of New Orleans, Mr. and Mrs. Raymond Hoffman and Debbie; Sidney Groves and Jimmy; Mrs. Maria Rheams; and John Schuman.

Pulpit Points

BY DR. L.S. WALKER

BEWARE lest any man, sins and be born again, To spoil you through philosophy, to their pride and tickle vain deceit, after the tradition of men, after the rudiments of the world, and hear our message is to defeat not after Christ" (Col. 2:8). The very purpose of the Trying to escape the truth, the world may entertain itself. The Scriptures are not with frivolity, and save its geared to frivolity, and the ego, with sophistry and tone of the Gospel, while it is illusions of grandeur, but in the moment of truth, it expects and hopes for something better from the people and the messengers of God.

Unregenerated men and women, along with carnal believers, seem difficult enough to reach with the Word of God. But when they are finally shaken into some measure of sobriety, we find them hungering for the real thing.

They have been fed-up with juvenile and irresponsible mimicry. They have had enough religious veneer, sensationalism and gimmickry, rapping in the unsavory vernacular of a frustrated and rebellious generation.

They cry out for and need a message fresh from heaven, plain, simple and gun-barrel straight. Those who witness to and win people in this generation must realize that we cannot help the Gospel along by aping the fashion of this age, appealing to its culture, its taste and fashions.

Preachers who attempt to be comedians are miserable flops. People who want to see and hear a comedian can turn their TV on and see a professional. God never called a comedian or a clown. If he persist in being such, he will be recognized as a joke soon enough.

Just remember, God never meant that His inspired revelation to men, which is and will forever be, "foolishness to them that perish," should be revamped, streamlined, not paraphrased to make it acceptable to the natural man. Man must square with the Gospel, to be saved, must understand that they are lost, repent of their

Knights' Notes

Members of Pere Le Duc Council are to participate in a Knights of Columbus Family Communion Mass Sunday at 9 a.m. at Our Lady of the Gulf Church.

This Mass will not only recognize the Knights, but their families as well. The families of the Knights are invited by Grand Knight Bob Hubbard to join with the Council at the Mass this

morning. The importance of a strong family life has always been stressed by the members of Pere Le Duc and they continue to recognize the values family life has to offer.

So that it may remind the community of family values and to serve as an example of them, the Knights and their families will participate in this special Mass.

The Knights of Columbus everywhere have served as examples to the community as a group or as individuals.

Ed Friloux continues to serve the people throughout various activities. He is active in the Boy Scouts of America. This summer he served as instructor to teach Scouts going for their Lifesaving Merit Badges the methods of heart resuscitation (CPR).

By passing on this valuable knowledge, Ed may some day indirectly save a number of lives.

In a recent Knights' Notes, we stated that Tony Scavo served as deputy grand knight in 1979-80, when, in fact, Tony served as grand knight of the Council in 1979 to 1981. We apologize to Tony for this error.

ST. CLARE'S FISH FRY—Lin Rutherford prepares fish in batter for frying at St. Clare's Annual Fish Fry last Friday. Rutherford was one of many men and women assisting with the fish fry with John Longo as chairman. The menu included fried fish, garlic toast, and potato salad. Baked shrimp were available. ADULT ADVISOR—Kathy Chapman helps CYO members of hospital beautification project. Mr. Chapman and his husband Tom are adult advisors for the CYO of Our Lady of the Gulf Catholic Church. A team of four CYO members began Monday on cleaning up the tile hallways of Hancock General and more members were to join in coming days. Staff members and friends of HGH have begun an extensive beautification of the local hospital. (Staff photo by Ellis Cuevas)

**25- CARD OF
THANKS**

My family joins me in
expressing heartfelt thanks to
the many friends who
called and inquired about
my welfare during my recent
18 day hospital confinement.
Special thanks go out to
Doctor J. D. who was the
first medical assistance.
Thanks are first in order
for the caring congregation
at St. Rose Delima Church
who went all out in giving
assistance and offering
prayers.
Special thanks also go out
to the wonderful personnel
concern of our local hospital
staff at Hancock General.
Mobile Medic also share in
these thank you's.
In fear of forgetting
someone I am using this
method of saying thank you
instead of a personal note to
each of my many concerned
wellwishers.
Again from the bottom of
my heart I say thank you to
each and every one of you.
God Bless you.
Thanks
Earl Lizana
